

Grooming, Training and Kennel Options

This is a list of local groomers, training facilities, and boarding kennels that we and our clients have had good experiences with. We recommend before visiting any facility where your pet will be exposed to other animals that they be current on **Rabies, Distemper/Parvo, and FVRCP** vaccines, as well as vaccinations for **Leptospirosis, Feline Leukemia, and Kennel cough**. It is also wise to protect your pets from **internal and external parasites**.
Please contact individual establishments for their specific requirements or visit our website.
